To: wild Aug. 20, 2020

2 Raccoons - given to us by the general public, we released them back to the wild.

Disposition Form

October 5, 2020

Kangaroo was found injured along with our ducks and chickens killed in the morning by wild coyotes. We were completely unaware coyotes roam the area.

Kangaroo was quickly rushed to the vet for care. He was still alert and aware of his surrounding but was severely injured. After two days of the kangaroo staying the night and being taken care of at the vet. The veterinarian called and said even though he seems to be doing okay, the ethical thing to do would be put him down.
